💼 PROFESSIONAL EXPERIENCE

Longswitch Software Solutions, *Web Development Intern* 06/2022 – 08/2022
Remote

- Immersed myself in the dynamic realm of web development, focusing on learning **React.js**, along with **Material UI** for styling.
- Engineered UI for a **Pay Slip generator** by utilizing Material Design components.
- Developed and implemented a **Transcriber application** using React.js and associated libraries, optimizing transcription workflow and reducing processing time by 40%.
- While crafting these projects, the prime focus was on making them responsive and mobile-friendly by integrating Material UI.

📁 PROJECTS

GitShow, <https://gitshowbysmg.vercel.app/> 📄 02/2023

- A GitHub-based web platform that connects developers and other tech professionals, allowing them to share knowledge and build connections.
- In this project, my primary focus was on crafting an intuitive and visually appealing **front end** and providing **responsiveness** that seamlessly enhances user experience.
- Tech Stack: **React.js**, **Tailwind CSS**, **GitHub API**, **Firebase**.

GreenKart, <https://greenkart.vercel.app/> 📄 09/2023

- A platform for eco-conscious shopping, offering a diverse range of eco-friendly products.
- Designed intuitive user interfaces to ensure smooth **navigation and responsiveness** across various devices, enhancing overall accessibility.
- Beyond the front-end, worked on implementing **JavaScript fetch API** to perform **CRUD** operations effectively which helped in the smooth retrieval and display of information from the database, enhancing the overall functionality of GreenKart.
- Tech Stack: **Next.js**, **Tailwind CSS**, **MongoDB**, **Firebase**.

Personal Portfolio, <https://madhavigupta.vercel.app/> 📄 06/2023

- A showcase of my skills and works via a portfolio website inspired by the **theme of Visual Studio Code**.
- Featuring a clean and organized layout which not only highlights my projects and skills but also offers visitors an immersive experience. Through this thematic design, I aim to convey my passion for precision and innovation in both coding and web design.
- Tech Stack: **Next.js**, **Tailwind CSS**
